

# Family Math Kit

*and after school programs  
and youth groups, and ???*

Based on the classic Family Math book, this kit is ready to go with everything you need to hold many Family Math nights. It includes colorful laminated task cards, game boards, worksheets, and materials for more than 37 activities. In addition to all the materials, the kit also includes a copy of Family Math and a Leader's Guide for the kit.

The activities included range from simple counting to games using multiplication and division to probability. Although the book and kit were designed for parents working with their children, the activities are simple enough to be used by children in classrooms and after-school programs.

The kit is packed in two large RubberMaid bins and has everything you need (except water) to hold Family Math events. Room organization is easy with 20 calculators, 20 boxes of crayons, 20 scissors, and sharpened pencils ready to go.

All 35 Task Cards:  
are laminated,  
include clear instructions and info for families,  
stand up for easy room setup, and  
have colorful illustrations that add to the fun.

*Includes activities for anyone  
from 6 to 60+ years old.*

*Easy to store  
and really sturdy.*

All materials come packed in 2 RubberMaid bins.

*The bags & task cards  
also make great  
"send home" activities.*

*Posters are laminated &  
ready to go!*

Designed from experience - "Supply bags" with calculators, scissors, crayons, and pencils make life easy for participants and organizers.

*The pencils are  
already sharpened!*

*You can tell this kit was  
put together by teachers  
who have ACTUALLY  
held Family Math sessions!*

All materials needed for each activity are in labeled bags and are packed in a large, resealable bag with the task card. The organization of the kit makes set up and clean up easy and fast.

Family Math book and Leader's Guide (full of hints and helps) included in each kit.

*This is really important  
when you ask people to help.*

Each kit contains all the materials you need for at least 20 families to do every activity at least once (usually enough for 3-4 sessions). Consumable materials can be purchased locally or as "drop-in" refill packs (all in labeled bags) from the Center.

Family Math Complete Kit	FMATH000	\$695.00
